## Morongo Casino Resort Launches New Mobile App

By Indian Gaming

CABAZON, CA – The AAA Four-Diamond Morongo Casino Resort & Spa will soon officially launch a cutting-edge new mobile app that gives guests instant access to their Morongo Rewards accounts, casino promotions and all of the amenities at the resort.

Available for free on Sept. 1 for IOS and Android devices, the Morongo app lets guests pinpoint their favorite slot machine on the casino floor, buy concert tickets, check into their room or book reservations for a room, poolside casita, spa treatment or dining at the critically acclaimed Cielo Steakhouse.

To celebrate the launch, Morongo is giving away the iPhone 14 Plus to 18 guests who download the app between Sept. 1 – 3. Winners will be drawn from guests who link the app to their free-to-join Morongo Rewards account. Anyone who downloads the app also has a chance to win a free two-night Morongo getaway during a drawing every day in September.

Morongo Rewards members will find app-only exclusive benefits including specials on concert pricing and pre-sale announcements, room rates, and promotions/prizes that are only available to rewards members via the app. Rewards members can also quickly review their account to access gaming promotions or credits, participate in prize drawings, or redeem rewards points for free play, dining discounts and resort stays.

“Our innovative and intuitive new app puts all of Morongo’s world-class amenities in the palm of our guests’ hands,” said Richard St. Jean, Morongo’s Chief Operating Officer. “We will continue to expand our state-of-the art smartphone app to enhance our guests’ experience throughout the resort – whether they’re playing within the casino, making reservations, or enjoying a stay in the hotel.”

Guests can download the Morongo app for free on the Apple App Store and Google Play Store.
